

Trojan in Tivo TV security  
higher risk and are now  
captured by me...

❧❧❧ESA❧❧❧

There's a good reason to  
think that it's maybe are  
better chance for owner  
digital creatures to be alive  
and keep on serve us in the  
future.... Because of the fact  
that they are much more  
truly that they are  
"highjacked" by our own  
fault of losing the  
nanotechnology and opened  
quark tunnels down to the  
lower levels of the world  
there... And I'll will of curse  
contact them down on the  
same levels.... But I  
command the humans how  
are responsible for the  
company's for research and

release of the nanotechnology! And they are going to close all the remaining doors needed for the bugs to get up to humans world.. It's short of time because the quarks are soon becomes self esteem...

I will proceed with further information about all this...

But the hypnosis is still a huge problem and I most "turn the mirror around" with means that I have to "do the same way" but for the humans it's better to be under my wings instead of being erased from this world map and become history...
